**Text or email reminders** when you need a new prescription, when your medication supply is running low and when it's time for your next blood test.

**Practical tools in a handy kit.** There's an easy-to-use dosage wheel, an IMBRUVICA Patient Guide and a webkey for access to the IMBRUVICA website.

### The IMBRUVICA website ([www.imbruvica4you.com.au](http://www.imbruvica4you.com.au)).

This site includes video of an Australian haematologist who answers common questions about Chronic Lymphocytic Leukaemia (CLL) and IMBRUVICA, plus helpful patient information in five different languages.
